Top Factors and write down the win% and place % numbers						
or to make it easy just print this chart and write down the 2						
Rate numbers.						
Never round number down always up you want to find horses						
with a high # 1st and a low # 2nd what this will show you are						
horses that fit but just don't have the best figs that everybody						
want to see sometimes you will see the 2nd low # win or						
run in the money that depends on the difference or gap with the						

1st low #						
Do some races and you will see
