

RACE 1 - **#9 – VESTURE – 6/1 – WP** – We feel this son of Hard Spun is ready to fire first out today.

He's been working with authority over the main track here at Saratoga and he's bred top and bottom to excel over the blades.

RACE 2 - **#3 – POSEIDON'S MIST – 6/1 – WP** – Bad ML, he made Posiedion the ML favorite in his debut and now this ML!

Now today in his second start, we get the hood added and IHerd takes the mount and we get off the dreaded rail also.

He looks to be ready to run to that ML today.

RACE 3 - **#2 – SECURITY CODE – 7/2 – WP** – He should sit the perfect trip inside all the early speed and we see Lezcano finishing strong down the lane.

RACE 4 - **#1 – TAKING CANDY – 8/1 – WP** – We cashed on him last out at 12/1 with Lezcano up.

He's been training with a purpose of late and we always like to see two works in 11 days and entered top run, that shows a sign the horse is thriving and sound!

RACE 5 – **EXACTA BOX – 1-4-6-8-9**

RACE 6 - **#9 – CALL HER BLUFF – 10/1 – WP** – The debut must've not taken anything out of her as Rudy had her back on the work tab just 11 days out of her debut and put in another work on the 27<sup>th</sup> also.

We have a nice BIG ml once again today we get the hood and Prat as a bonus; the only negative is the post position!

RACE 7 - **#4 – ROOT CAUSE – 3/1 – WP** – We feel he's the better of the two Chad's in this race and he also fired big over these blades in his career debut.

RACE 8 - **#1 – MORNING CUP – 9/2 – WP** – SaraLinda want this training title and she's in it till closing day.

Dropping to win, Jose straight to the lead from the jump!

RACE 9 - **#3 – KING MOONRACER – 9/2 – WP** – George has been making all the right moves at the Spa this year.

He's wheeling this one back in 12 days and he'll get all the pace up front to come with his patent sling shot closing move.

RACE 10 - **#7 – EXCESS DEMAND – 12/1 – WP** – He's not much to look at in the past performances and but we're hoping he gets brave as he'll be on the lead from the jump!
